The PSC, if it has jurisdiction in the cities, and municipalities need to be open minded about UBER. I have used it in DC and plan to use it when I visit Charleston next month. They provide clean, reliable, safe and efficient service in DC and I can't imagine they would not do so in SC. SC deserves a transportation service that prides itself on the highest of standards for its automobiles and drivers. Dependable taxi service ceased to exist long ago where old, dishoveled cabs are driven by old dishoveled drivers. Permit UBER to service SC.

I am one of many South Carolina residents who believe that Uber has the right to conduct business here in this state. I have used uber in other states with no concern for my safety. Actually I felt more safe using uber than riding in a taxi. The vehicles used by personal drivers seem to be in better shape, cleaner, along with the driver being more cautious since they are using their personal vehicle.

Allow Uber to continue in South Carolina.

Sincerely,

Jonathan Smith

Subject: Uber C&D - Feedback
Importance: High

As a resident of the beautiful state of South Carolina, I would like to kindly request for the removal of the cease and desist against Uber. The nature of the line of work I am in requires me to use these services an average of 5 times on any given week, and I have yet to have a single complaint against an uber driver. Uber is safe, affordable, clean, and a truly superior **service** when compared to taxi's. I personally protest taxi cab companies, as their service is truly horrendous. The feedback/rating system that Uber maintain instills a checks and balance system that **requires** the driver to provide a great service. Otherwise, after a number of poor ratings, that individual will be removed from employment. It's a great example of the free market, as uber provides a **superior** service when compared to every other transportation option available to consumers. Perhaps best of all, this company offers unemployed individuals an opportunity to quickly gain employment, as well as offers the under employed the opportunity to make additional income.

Please reverse these changes before more harm is done to the people of the Palmetto state.

Devin

I used Uber recently in LA CA and found them a much cleaner, safer and more user friendly setvice than the cabs I would be reluctant to use in SC.

Suggest you catch up w the rest of the world and revoke your C&D order.
